Accomplishments

We expanded our welcome, working together to accomplish two services each Sunday

We grew in numbers, adding almost 30 members in one year

We found new depth, adding six new small groups and many new ways to connect to one another

We grew in commitment, feeding hundreds of hungry people and working to address the foreclosure crisis in our county

We found new wisdom, taking the lessons of religious education out of the classroom and into our homes

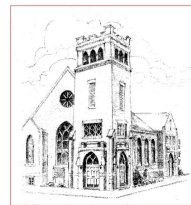

Budgetary Goals

Enhance the financial commitment we've made to our staff, including health care coverage

Maintain our commitment to the Food Pantry and to VOICE

Provide additional funding for intergenerational activities that connect people of all ages

Maintain and improve upon our beautiful building

From our President

We are all working to improve our lives, to make ourselves better people. We believe in thinking differently & acknowledging that we are in this together.

We do this by inspiring each other, being there for each other, & believing in 7 principles that make sense. We just happen to be Unitarian Universalists & we make a difference. It is now that we pledge to BRUU financially to help keep these ideals alive. BRUU is "More Than Words", it is a feeling that lives inside of us, a place where we feel safe to be ourselves, where we can watch our children grow, & a place that has a responsibility to those who have not yet found us. Ask questions, give from the heart & let's make BRUU better for all of us.

Fair Share Giving Guide

(From the UUA)

Just to be clear: We are not suggesting that we locate our income on the guide and dramatically increase our annual financial commitment during the next annual budget drive. We are suggesting that we make a commitment to *move toward* our suggested financial fair share. It might be a three-year process or even a five-year process for some of us, but we advocate moving toward a fair-share financial commitment in a steady, intentional way.

Supporter: BRUU is central to my identity, and I am committed to sustaining our programs				Sustainer: BRUU is central to my identity, and I am committed to sustaining our programs.			Visionary: I am committed to both the present and future growth of my BRUU.
